

Schemat nr 2

The diagram illustrates the assembly of a drainage system for a patient bed, showing various components and their connections. The system includes:

- Linia żylna 3/8 cala** (3/8 inch venous line) with a **Shunt linii tętniczko-żylny** (arteriovenous shunt).
- Spiralne zabezpieczenie przed zaginaniem drenu** (Spiral protection against kinking of the drain).
- Zabezpieczenie - kolor czerwony** (Red color protection).
- Kranik trójdrożny** (Three-way tap).
- Linia do podawania primingu** (Line for priming).
- Shunt do oksygatora** (Shunt to oxygenator).
- Linia do pomiaru ciśnienia** (Line for pressure measurement).
- Banka ciśnieniowa izolująca** (Isolating pressure tank).
- Plaster czujnika spływu** (Flow sensor sticker).
- Płytki mocujące dreny na stole operacyjnym** (Drain mounting plates on the operating table).

The diagram shows the assembly of the drainage system, including the connection of the venous line, the shunt, the spiral protection, the three-way tap, the line for priming, the shunt to the oxygenator, the line for pressure measurement, the isolating pressure tank, the flow sensor sticker, and the drain mounting plates on the operating table.
